

DISTRIBUTION BOXES

50-pair and 100-pair Distribution Boxes (without IDC modules)

Grey colored wall-mounted plastic distribution box containing mounting brackets for five or ten 10-pair connection modules. Cable entry is via removable side panels and cut-outs. Four moveable jumper rings and a record-card are included.

N692

10-Pair IDC Module (Disconnect type)

10-pair IDC (insulation displacement connection) modules to suit our P8700-series 50-pair and 100-pair distribution boxes (see above).

High-impact, fire-resistant PBT material with corrosion-resistant 50-micron silver-plated IDC terminals. Terminate wires using our T0058 or T0050 impact tools (or any impact tool designed for termination of Krone terminals). Supports pair-disconnect function if appropriate test plug inserted.
